

## Taylor County Cyber Snow Plan

### Steps

1. The Taylor County Central Office (Superintendent Roger Cook) will announce cancellation of school due to inclement weather or an emergency event via One Call, radio, Facebook, TV, or Twitter
2. The students will access their work according to the announced snow day number (i.e. Cyber Day 1, 2, 3, etc.)
3. Student work and directions for completion will be located in the student's individual snow folder or the online internet option per each school website
4. Students will turn in the work to their teachers once they return from the snow/emergency day
5. Students will have two (2) days to complete their work after the snow day
6. The completion of the performance based assignments (school-work) counts for the student's attendance for that day

**\*\*Students: No summer make up days (up to 10) will be required IF you complete your work \*\***
